WARNINGS:

- Handle with care.
- Keep out of reach of children, uninformed persons and animals.
- Keep in a cool dry place.
- Not for human consumption.
- Store away from food and feed, in a cool place under roof at a temperature below 25°C.

Although this remedy has been extensively tested under a large variety of conditions the registration holder does not warrant that it will be efficacious under all conditions because the action and effect thereof may be affected by factors such as abnormal climatic and storage conditions: Quality of dilution water : compatibility with other substances not indicated on the label and the occurrence of resistance of the disease against the remedy concerned as well as by the method, time and accuracy of application. The registration holder furthermore does not accept responsibility for damage to crop, vegetation, and the environment or harm to man or animal or for the lack of performance of the remedy concerned due to failure of the user to follow the label instructions or to the occurrence of conditions which could not have been foreseen in terms of the registration. Consult the supplier in the event of any uncertainty.

PRECAUTIONS:

- Do not eat, drink or smoke while using this product.
- Wash hands after handling the product.
- Prevent contamination of food, feed, drinking water and eating utensils.
- Discard and dispose of empty sachet.

RELEVANT SUBSTANCES:

Substance name (IUPAC/EC)	Concentration % by weight
Capsicum Oil	<1%

USE LIMITATIONS:

- Abnormally dry, wet or cold conditions may reduce the efficiency of Ceralure.
- Under normal conditions the trap will attract flies for a period of approximately 3-4 weeks.
- The purpose of this preparation is to serve as an attractant to monitor fly populations in high populated fly and fruit fly areas.
